What does the Reviewed Items graph show?

Created by Corey Tutewiler
Last updated Apr 04, 2016

Reviewed items include content that has been reviewed by a Gaggle Student Safety Representative. This can include content in email messages, files, and calendar events. You can see the total amount of reviewed items, and you have the ability to see where they occurred within the system.

+ View the total number of reviewed items across all schools.

+ The options in the left panel are dependent upon what features of the product you use. Select the square box to the left of an option to remove it from the graph on the main display.

+ Select the More details drop-down to view information on reviewed items.
